

INT3000

900 MHz Digital Interface Cordless Phone

Your Cordless Office Solution For Increased Productivity, Higher Efficiency and Longer Range

The INT3000 includes all the functionality of an Inter-Tel system to provide greater flexibility and improved productivity when you are away from your desk. Customer satisfaction increases as calls no longer go unanswered. And the best part, you'll increase productivity while becoming more efficient.

Headset Jack

Allows for the connection of an optional headset for hands-free operation.

Desktop Feature

Provides access to all desk-set features by utilizing digital expansion board.

800mAh Battery

Provides 6 hours of talk time and 4 days of standby.

Multi-Line Access

Allows you to access four multiple lines.

Remote Antenna Base

Desktop or wall mountable base unit provides more strategic coverage.

900MHz Digital Spread Spectrum

Gives you unparalleled range, voice clarity and performance when compared to normal cordless systems.

3 Ring Tones & Vibrate Ringer

Alerts you to incoming calls without disturbing others.

Charging Cradle

Allows you to charge the handset and the spare battery at the same time.

INT3000

900 MHz Digital Interface Cordless Phone

Feature for feature,
there's no better
Digital Cordless
Telephone than
the INT3000.

Features:

- **Digital Spread Spectrum Technology** offers unparalleled range and best channel separation in the industry. It's the best defense against unwanted interference and it provides superior voice communication security.
 - **Display** – The INT3000 provides quick and easy-to-read information with a 2-line, 16-digit dot-matrix display and 4 status icons.
 - **Headset Jack** – Allows for the connection of an optional headset for hands-free operation. Headset Jack is now located at the top of the handset for easier access.
 - **3 Selectable Ring Tones and Vibrate Ringer** – You can choose from 3 ring tones and each one can be set high or low. Or, choose the silent alert (vibration mode) to receive calls without disturbing others and is ideal for noisier environments.
 - **Ringer ON/OFF Switch on the Handset**– Allows you to turn off the ringer for unwanted calls.
 - **4 Step Volume Control** – You can select from 4 levels of volume in your earpiece (new HAC regulation compatible).
- **Mute** – Mute your phone for privacy while in your office or while walking through the halls, by pushing the ON/OFF switch, which works in conjunction with the icon on display.
 - **Hot Swap Battery** – During a conversation, you can swap the battery in the handset without disconnecting the line. Swapping must be done within 20 seconds.

Additional Features:

- **Compact Handset** – The INT3000 incorporates state-of-the-art compact design for optimum mobility.
- **Standby Battery Recharge System** – The INT3000 comes equipped with a drop-in charge cradle to accommodate backup battery charging system (optional backup battery is not included).
- **10 Channels** – Supports up to 10 simultaneous calls in any given environment.
- **Belt Clip** – A sturdy belt clip is included for maximum mobility.
